Re: Our Client: Jane Doe
Date of Medical Malpractice: 6/01/2018

Dear Dr. Expert:

Thank you for considering my request to review the medical records of Jane Doe who we believe suffered serious damages caused by medical malpractice. I have enclosed for your review all of the medical records in our possession at this time. I have also enclosed a check to compensate you for your review of these records and opinion regarding the deviation of the standard of care by Jane Doe's health care providers.

After you have reviewed these records, please call me to discuss your opinions and thoughts regarding these three questions:

- 1) Was there a deviation from the standard of care for Jane Doe?
- 2) Were the deviations of the standard of care the cause of Jane Doe's injuries?
- 3) Are there other potential defendants that should be considered as defendants for violating the standard of care to Jane Doe?

Sincerely,

Matthew D. Powell

MDP/MDP
